

## August 2013

Hi to all our dear brothers and sisters.

This past month our Lord Jesus has been lifted up in people's lives and in our fellowship with the saints. In the previous month we saw many people saved by Jesus in different locations in our city, therefore we started August with two baptismal services.

In our different locations we have seen many children learning English, French, Math's and Chinese. At the same time around 30 children got saved. Overall in our fellowships 40 people were saved. In our last baptismal services which were held in two places within a few days of each other we had 38 water baptisms. Out of this 38 about 28 were kids.

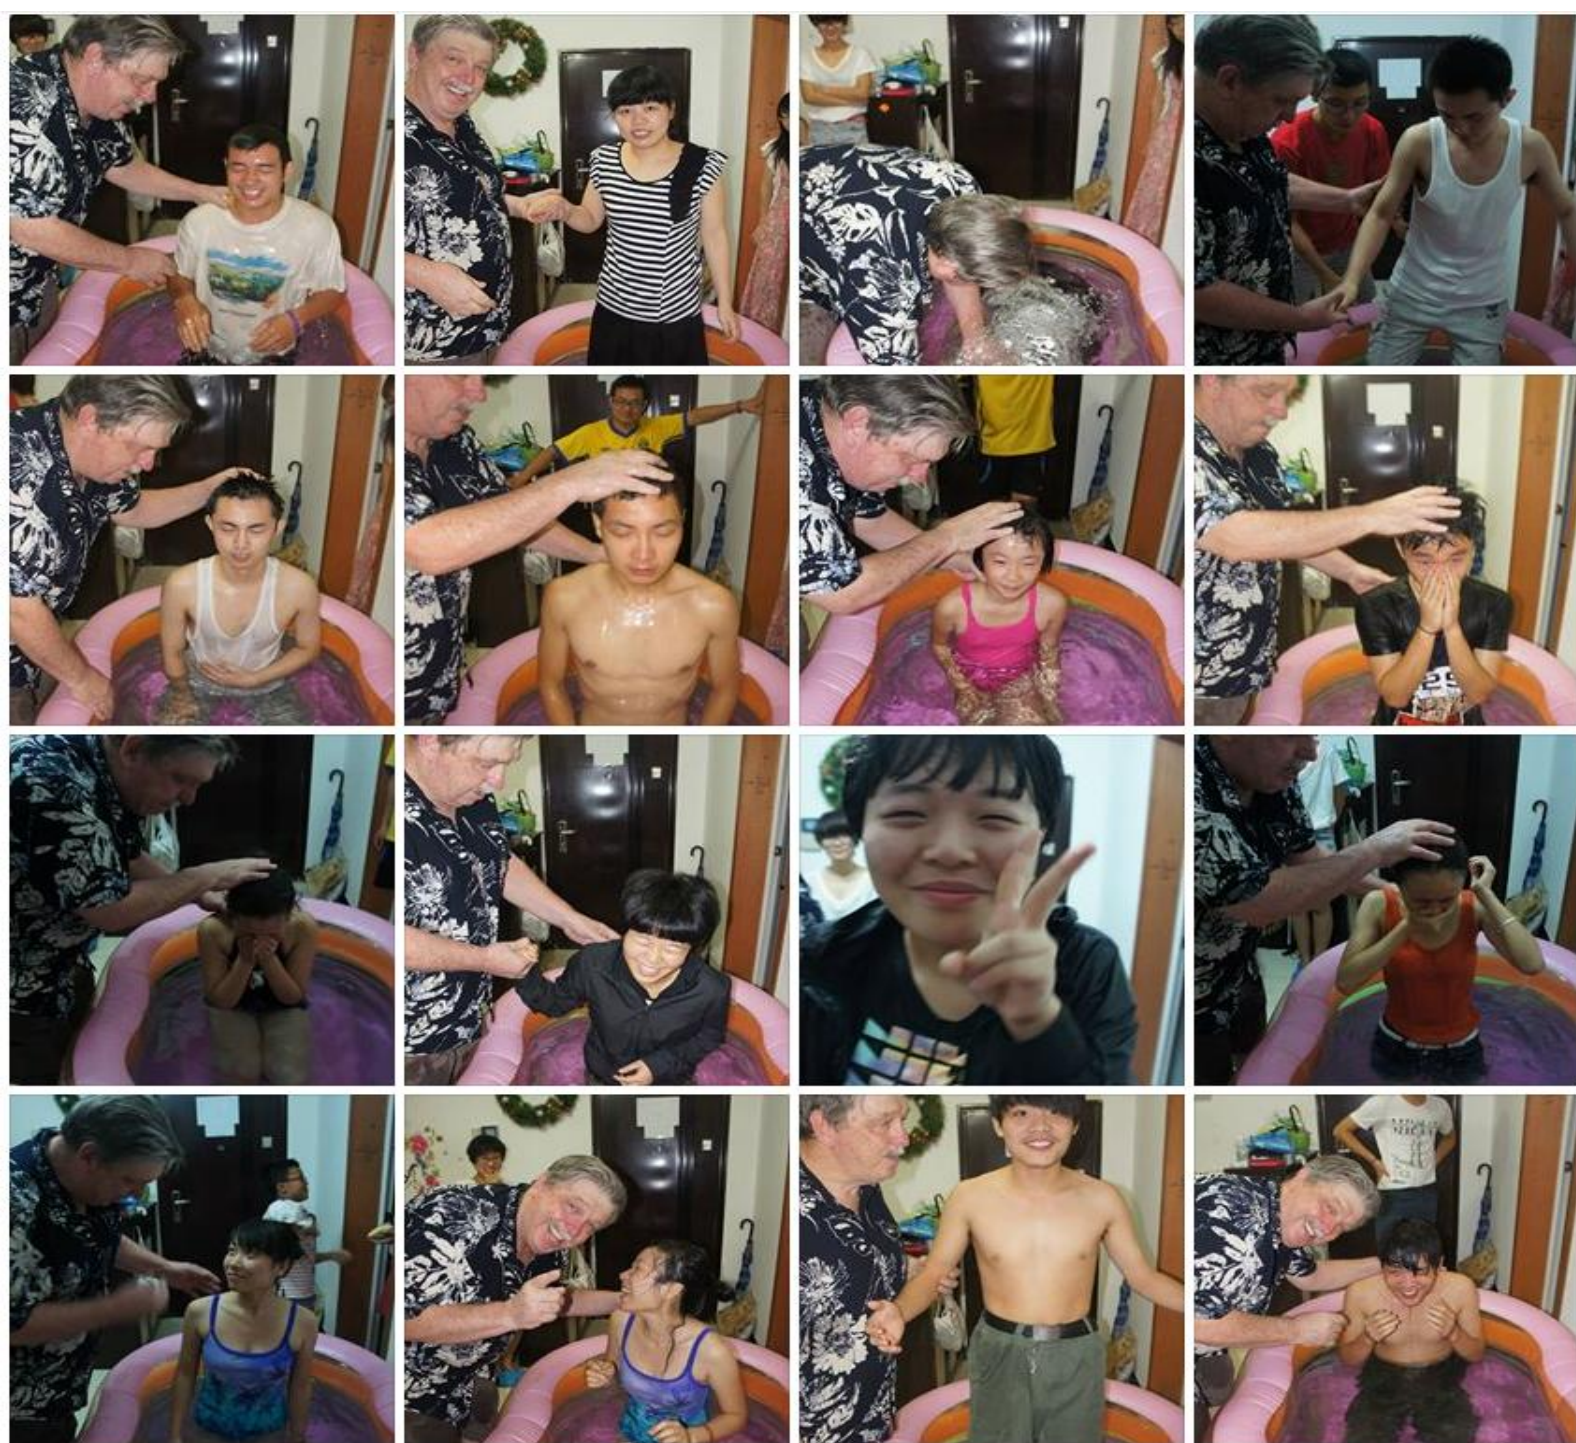

We are now running our Training schools in three locations in our city with around 120 children. Please pray that we can see more young ones saved and that our college students who do some of the teaching will grow in God as they teach these young kids. Also pray we can get more children joining our classes and **His Kingdom** and the supply of our need of financial support.

**To our Lord Jesus be all the glory for the great things He has done.**

**It is not hard to see we had a great time with the Lord and all our members; new brothers and sisters.**

The next great thing that took place was our visitations from three great men. We had a great but busy time with Ps. Barry, Br. Joel and Ps. Peter.

We visited some different churches in 3 provinces in China. The teaching and impartation was wonderful. I personally needed to hear these messages and I received some insights and perspectives that I had not seen before. In one case I had received a revelation about something I had been thinking about for years and

the Lord used Ps. Barry to term it in a very simple way that caught my attention.  
We visited small and some very big churches in Jilin, Beijing and in Hunan.

Ps. Barry, Br. Joel and Ps. Peter visited our new group which has a lot of children involved. The children sang some songs in Chinese and English then Ps. Barry shared about the monkey and the tin of red paint and kids loved it. Br. Joel prayed a blessing over the Kids and the new fellowship as we had a great time.

We are hoping we can have more of this type of teaching and fellowship.

We were impressed by Ps, Barry's ministry and also surprised by his bike riding ability as we rode around the lake. I thought if he could do it, I would try. I take my hat off to him; I am even more impressed by his effort.

After 6km around the lake I looked like this, but compare me to my evergreen brother who looks fresh.

It looks like I must keep this going if I want to go the distance in ministry for the Lord as my brother does. My wife agrees.

I have done the ride another time and my legs are a bit weak today.

We had a great but busy time with Ps. Barry. He presented some of student with their Traillblazer, Tony Smits Certificates of Biblical studies and some with a Diploma of Theology.

Ps. Tony Smits notes are being translated into Pakistani by our brother Ps. Hanif Masih and his wife sister Bushra Parveen. If anyone could help with a sending them a computer that would be great. Ps. Hanif has commented on how the notes are helping in his preaching.

Just a sample page of basic Doctrine.

Below are the countries we have sent your notes too. Some are more active than others. We have individuals and groups of around 20 to 40 people studying with more than 60 locations.

Please all campuses send in your test papers and grading sheet to help us. Do not leave things until the last minute and hope we can get all the work done for you in time for you to do a graduation.
