

Trailblazer, Tony Smits Bible College and Traillblazer Ministries Australasia, China, India and Africa

Impacting Generations with the Light of the Word

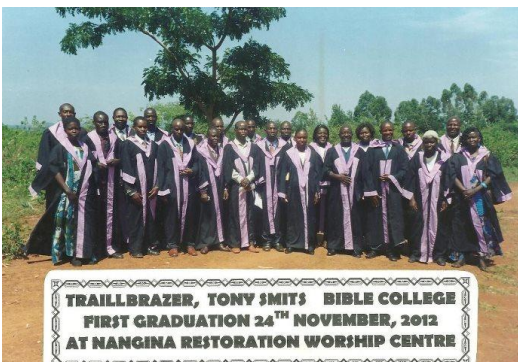

<http://traillblazer.com/>

The Trailblazer, Tony Smits Bible College course was developed by Ps. Tony Smits B.Th an Apostle and Teacher who has established almost 20 to 24 churches in Australia. It had started as the CRC Video Bible School many years ago by Tony and his father. Tony's teaching was recorded and sent out to many developing ministries to help with foundational teachings of the CRC. This however has not stopped there with our development into the Internet.

Ps. Ian Traill D. Min, Founder of Traillblazer Ministries came to the Lord Jesus under the teaching and leading of Tony Smits. Ian had been given permission by Tony to establish a free Internet study course using his notes and recordings. Out of this bold move we have seen many join this effort to take good teaching to the saints all over the world. We have reached into around 50 countries at this point in time, but we must say that some are more effective than others. We had seen up to 7000 downloads in a month of the notes but not all of these studied with us.

Tony's notes are translated into Chinese, French, Pakistani and are being translated in Indian.

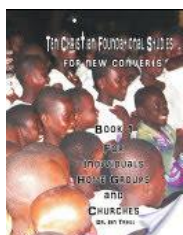

Last year we saw from Asia and Africa over **300 students** complete the first year of study. Second and third years even though they are well developed we see about a 90 to 95% drop-off, but that cannot be helped if we maintain the stretching and development of ministries through good study methods.

Our Ministries' call is to look for the men and women of God who will become the future leaders of the Church training them in all areas of leadership with an eye on them planting a church with a Bible teaching component, for the equipping of the saints.

We offer a Discipleship course followed by a four year Bible College course to equip the saints for the work of the ministry. From Kenya to New Zealand to Outback Australia, into prisons in Australia and churches in inner Melbourne this course is helping many new converts.

<http://traillblazer.com/ten-christian-foundational-studies/>

We offer Ps. Tony Smits notes for the first year of Certificate of Biblical Studies and at the completion of the first year of study they will receive a certificate. This could be used by students to do further studies with us or other universities.

Happy Newsletter from the Traillblazer, Tony Smits Bible College family, to you!

We believe that Tony's systematic studies are more than ample to develop leaders in many countries, but our further studies will certainly enhance a Pastor's Biblical understanding.

We offer a Bible College course over 4 years

Year 1 Certificate of Biblical Studies

Year 2 Associate Diploma of Biblical Studies

Year 3 Diploma of Ministry (The Diploma of Ministry is done in addition with the Certificate of Leadership Training.)

Year 4 Diploma of Theological Studies

The church or campus leaders may print the notes as they need them and run their own Bible College, but must be responsible for their own financial management in the local area or nation.

We have made contacts and started this course in many nations. Each branch is responsible for their own running, although records of students' results must be kept and forwarded to us, just in case students may want to do further study.

There is no membership as this is a fellowship of like Spirit and like minded Christians who want to bring solid teaching which will prepare leaders to become pastors who are able to manage their own fellowship with a well rounded Biblical understanding. However some churches are calling themselves Traillblazer Churches.

Ian is in central China where he has some growth and planted many home church groups. We start with establishing English training centres which in turn become a Bible study group and then to a home church. We have been training around 200 teachers who are starting training schools at this very moment. These training groups are as small as 10 people but up to 400 so the work in China is developing. In July we will run Summer training schools for children. We need people to come into China to help us with these kids and the overall development of the Kingdom. Duration is from 1 to 4 weeks. We need your prayers and support.

We have by the grace of God financed the buying of land to build a church and we have helped with finances for building of a school for little children in Uganda Africa. We have supported many campuses with computers, scanners and printers to aid in their establishment of their campus in Pakistan, Uganda, Kenya, Malawi and Ghana. We are sending almost 40 computers into Africa for Bible College campuses and 2 primary schools in July or August 2015. We have also help with breeding programs and taught about incubation of eggs. In China we have also help supported pastors financially to get started. We have also sent many Books of studies to these countries to establish a College Library. We need prayers and support.

Another Disciple of Tony Smits, Mike Tyrrell is in Uganda where he has about 21 acres of land and we are hoping for support to build a physical campus. Stage one class rooms is \$10,000 but we would need many thousands of dollars to establish a full college. Stage two a library \$5000 also another \$15,000 for stage three, chapel and conference room. The classrooms would be used as a place of worship too. This development will give us a strong foothold in Africa. Help us to get this going.

We have set up this link if you desire to support us.

About us and the College

Pastor Tony Smits B.Th

Ps. Tony was born in Holland in 1938 and migrated with parents to Australia in 1952. He is married with three grown-up sons. He lived in Adelaide initially and did apprenticeship as carpenter and then he became self-employed as sub-contractor.

He was saved in 1961 in Adelaide and entered Bible College and pastored first church in Christies Beach in 1963. He has pioneered a number of churches in South Australia, Victoria and Australian Capital Territory, often working as a carpenter initially and then fully supported by the church.

Over 50 years of ministry, Tony pastored in 24 churches, planted 20 churches and twice helped restore broken churches.

He has ministered regularly in India and P.N.G. Bible Colleges and Pastor's Seminars. Tony moved from Ballarat to Bendigo in January '97 and assisted in Bendigo C.R.C. church on a part-time basis and now spends most of his time in itinerant ministry.

At present Tony is a coaching minister to nine pastors and networks the NW and SW regions of Victoria where he has regular input into 10 churches.

He holds a Bachelor of Theology Degree, and regularly lectures for C.R.C. and Vision training courses.

Teacher and author Ps. Tony Smits started the Video Bible School in the CRC many years ago and thousands of people have been influenced by his teaching.

Ps. and Dr. Ian Traill

Dr. Ian Traill was born in Dundee, Scotland in 1952 and moved to Australia in 1954.

Dr. Ian came to the Lord under Pastor Tony Smits in Ballarat Victoria Australia under the Christian Revival Crusade banner in 1990.

Ian Traill has been a teacher for the past 39 years teaching mainly in Australia with spending time in P.N.G. India and 15 years as a missionary to China.

Ian is the founder of Traillblazer Ministries, which he started in 2000. Arriving in China August 2000 to take up a position teaching English at Universities and Colleges, working as a "tentmakers" ministry, we have been conducting Bible classes and training people in the area of leadership with the view of them starting their own home church.

Previously Ian and Tony had planted a Church in Daylesford, Victoria, Australia and now we are involved in planting Churches in China and developing Traillblazer Ministries and Trailblazer, Tony Smits Bible College in Australia and in more than 50 different countries.

The mentor Tony, and his understudy Ian, had formed a covenantal bond many years ago and still work together for the Kingdom of God. Even though their ministry is a teaching and apostolic ministry they have a strong practical understanding of implementing the Word of God into people's lives.

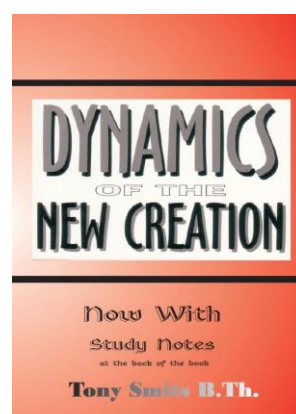

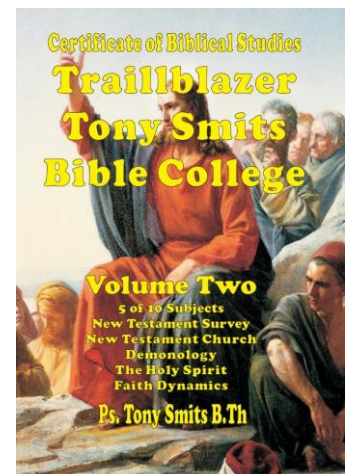

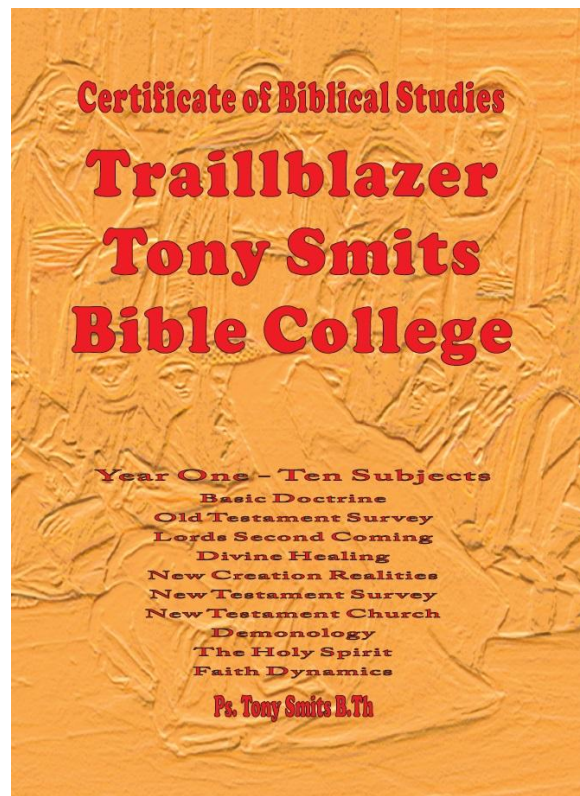

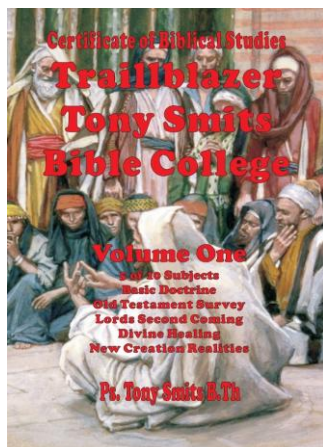

On the following pages you may see the outline of our Trailblazer, Tony Smits Bible College course.
