

January 2015 from China

Hello Friends, Supporters, Pastors and Church Leaders

It is great to be in the service of our glorious Lord and God as you may know. We have been plodding away over the past month, but so has many who are connected with us. We hope you will go to our link to read much more and see some photos with reports. We have been seeing 3 to 5 people getting saved each week for the past few months.

I am planning a trip to Australia for my niece's wedding in March (21st) and I will stay a little longer if anyone wants to hear about what is happening in the harvest.

Link

We are looking for some English speaking Christian volunteers to come to China in July 2015 for 3 to 4 weeks, teaching English in our home training schools to Primary and Middle school Kids.

You can read a bit more about our project at this link

<http://trailblazer.com/2015/02/04/request-for-christian-volunteers-for-three-weeks/>

Our home is a busy place with more than a 100 people coming and going all week.

Container to Africa

We received 14 computers with screens from Jesus the Redeemer church in Werribee to be sent to Uganda for our schools. We have a friend in Australia Paul Tsiros who is helping Trailblazer Ministries CRC to send computers and kid's books to Uganda.

Paul is sending Medical equipment for his ministry there. Paul is helping us to send the computers. Between us we have three schools that we are eager to send computers to, to help the Kids. We will be there in May.

We already have number of computers now but if you could **help with any old laptops** for pastors in our Bible colleges that would be great.

Feifei's Updates about Chinese Webpage of Recordings

Dear Ian,

Here are two pictures about the updates of our Chinese webpage of our recordings, it calls Baidu Yun (sort of like Dropbox, difference is that you can just click the link, and listen it online or choose to download it. And if you have the account of Baidu, you can just save it as favourites in your account, and you can find it in your own Baidu account.).

Views means how many times it has been viewed.

Save times means how many times it has been saved in people's Baidu account.

Downloads means how many times it has been downloaded.

There are many limitations in Wechat(It's more like a public chatroom, it's not easy for people to go and get all the recordings, and if the new people joined in our Wechat group, they cannot see all the old files of recordings, they can only receive the new ones. And it cannot upload files which is bigger than 30M. And we cannot see how many times each one has been viewed or downloaded). But so far the new webpage is running well.

If there's anything need to be edited, just let us know~

Blessings, Feifei

Wuhan Report

We started the year with a marriage conference in Wuhan which north in another province from where we live in Changsha. We had such a great weekend in Wuhan, China with over 300 people coming from more than 50 countries. We had two very full days of teaching on Marriage and communication in relationships. The question time was lots of fun. To Jesus be the glory.

North China Weifang

We just had our Christmas party at home at Sunday evening, 6 children and 2 students came, we shared the story of Christmas and sing songs together. The children loved the games we prepared and received some gifts, we also had a dinner together and some kids gave us a show, that's good. We are so thankful for all of God's grace and help on our work.

Rocky and Fifi asked about us a couple of days ago, and we are so grateful for your concern and prayer, that's such a blessing for us.

We don't have teaching plans in winter vacation for now, we might return Changsha on 12.Feb and meet you in the weekend.

We have 9 but we will 10 children soon. Doing art, English and a homework classes each day.

We are looking forward to meet all of you, and wish you Merry Christmas and a Happy New Year;

we

Blessings!

His Grace Primary School Trailblazer Ministries Kampala,

Shalom Dr.

This is how far we have reached with the construction of the library block. I missed the middle stage because I was in the mission and my wife did not take all the photos as I needed them. We are so grateful Dr for the support the whole school has changed a lot. Thank you to the people who have supported us.

I want to get a video to send to you.

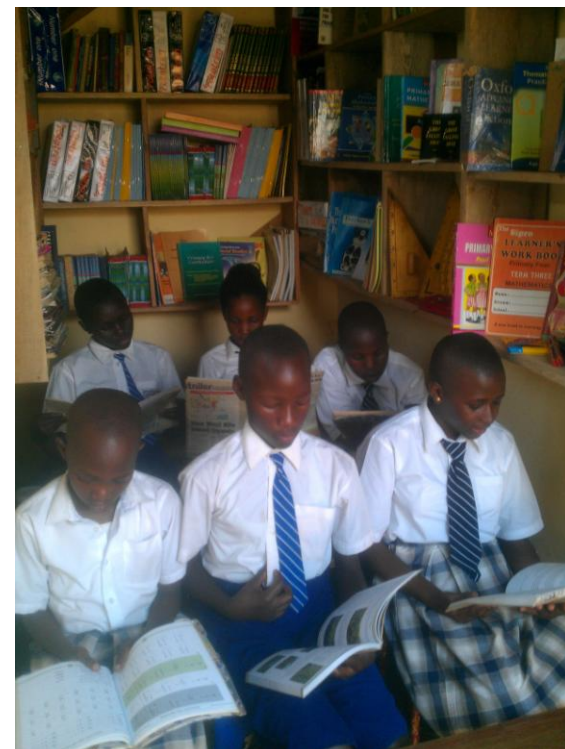

This will show the front view and the side view and the behind side before roofing, also we were asked to

put 2 doors for exit.

Pr Achileo B.

Hi Dr

Thanks for the books. All parents when they saw the library were so happy and all the students and we believe that the performance this is going to prove mightily and believe that we are going

to get many children in the school.

Yes dr because it takes time to give you the information and I need a camera which can help me to ease work and give you photos in time. Thanks Dr for Everything. We are still talking with the Land lord to give us time to raise the money to pay the house but we are still paying rent as usual.
Be blessed. Achileo

South Africa

Thank Doc

God bless you

We have 15 new students doing year first year. Will be submitting their forms soon, still waiting for their photos

Dr Ian this is our multipurpose church, that's where we worship on Sundays, that's where we hold our bible school classes. It is for

graduations for both the Bible school and pre-school. Churches come together for prayers and other social programs.

We still have to do plastering in and out and the floors plus wiring {Electricity} we have at the moment stopped a while still trying to raise funds from our people at Church. We need \$3,000 US to complete everything.

Regards Johnson Mncube

North Uganda

Dear Sir thanks be to God the father of our lord Jesus Christ for having granted us the grace of ministering through all this year of 2014 as we are ending.

Am happy to let you know that we have managed to plant another church branch this month of December in Otuke District and we have also made site allocation map for land of building our Bible College with the District Engineer the attached photos shows the function.

The ministry in Uganda here is growing in both area of church and Bible College, I appreciate your commitment in not forgetting us in your prayer and the word of encouragement it has made me raising up in the height of serving God in the greater level. If anyone could help us with some money to put a roof on our meeting room it would be appreciated.

Thank you for the letter of introduction to introduce me as the Pastor of Trailblazer churches of Uganda, it has made it easier for me to carry on the ministry. We are also praying for your

visitation to us in Uganda. I know God will give you time.

Thank you very much.

May God bless you and I wish you a Happy Beginning of New Year in the ministry.

I am so proud of you because I am really awoken as a result of being impacts with the light of God's Word through the Biblical study i m doing. It's the best for in Uganda here.

We really need \$4500.00 tp finish this building where we hold meeting and Bible studies. Can you help?

Pr. Abongo Daniel

Guyana

Hello Ian,

A blessed Christmas to you and family. It's good to read all the wonderful news in your report.

I'm still in China doing Bible study with a small group but mainly focused on distance-management of Power of God Ministry International Guyana (www.pogmiguyana.org). We continue to offer a free library service to students in the community. Food for the Poor donated 11,000 children's story books to our Ministry to enhance the library which started with 20 books that I purchased from my own pocket.

We also have a small bible study fellowship on Sundays, Children's Dynamic group and a Youth Dynamic group. We give a small donation monthly to a few needy persons in the community.

Also we offer a subsidised Primary Education programme for 12 children in need.

Start from January, we'll begin feeding 44 students once per month at a Primary school in need.

Funding is provided from the income (teacher's salary in China) that God blessed me with at the moment. I have a team at home in Guyana managing the Ministry.

I also created a facebook page (pogmiguyana).

God bless you and keep up the good work.

D

Uganda

Dear Dr.Ian,

I send my greetings to you in the name of our Lord Jesus Christ.

I need to inform you that the literature contained in the poultry guiding book has enabled me to acquire more information about poultry farming. However, I need to inform you that such a practice of using hatchery isn't applicable in an area where there is no electric power.

I'm delighted to inform you that I need to establish an indoor poultry farming not for eggs but rearing for commercial. Under this arrangement there is no need of investing in more finances and it is indeed less manageable in terms of feeding the chicks.

It is just a matter of buying 14 day old chicks start feeding them for three months and then sale them at a very profitable and reasonable price.

I have a dream to start with 200 Chicks. I have the structures that can accommodate the given number of birds (Chicks).

The purpose of writing to you this message is to request you to secure a loan for this project as you stand with me in the initiation of this wonderful enterprise.

I will pay back the secured loan with little but reasonable interest.

I'm looking forward for your positive response.

Thank you for sharing with me the idea of having the profitable poultry business realized.

The total loan figure requested and required for the project is \$800 AU and the breakdown of the given amount is given here below:-

1. The project requires \$320AU for the purchase of 200 Chicks,
2. \$200 AU to purchase a solar panel to provide security light on the poultry house.
3. \$120AU for the purchase of electric inverter to be fixed on the solar panel.
4. \$160AU for the purchase of 2 rolls of barbed wires to fence the poultry house.

I'm pleased for the update of sending the Lap-Top you promised to me and your promised donation of the 4-5 computers to our Christian school here in Uganda.

I take this opportunity to request and invite you come to Uganda and witness the God's work I'm doing towards the furtherance of God's kingdom.

I shall be very grateful for your maximum support of securing a loan for my designed and proposed poultry commercial business.

Yours affectionate brother in Christ.

Dear Dr. Ian Traill,

Thank you for the update and I pray that He who began a good work in you will bring it to its completion (Philippians 1:6).

May God bless you as you think to labouring to help me with the computer Lap-Top and the others for the school.

Yours affectionate brother in Christ. Richard
