Dear Brothers and Sisters

It is a privileged to write to you to give a quick update.

We continue to see people getting saved here in China and our group has grown considerable. We have about 200 teachers from all over China who come to Changsha throughout the year for English training for a month at a time. They also attend our church meeting and many of them get saved. While they are in Changsha we give them Bible training. Each teacher has 20 to 100 kids and one

school has 400 children so the number is getting big. This past week some of teachers let me hear their student reading the Bible and I was blown away. We did not start their training schools, we only caught the teachers and cleaned them and they started teaching the Children the Bible. One of the teachers said they had 7000 kids reading and learning about Jesus as the learn English.

In other developments on the 4th of September we had two meeting by Skype (Computer) in Faisalabad and Punjab in Pakistan. Around 50 people attended each and 7 people were saved. While preaching I had some Words of Knowledge for people with some sickness in their bodies. People responded and some gave testimonies about God touching them and feeling a

healing in their bodies. All the glory to Jesus!

Then again on the 6th of September we had a meeting in China and by Skype to

Abu Dhabi, United Arab Emirate, Australia, USA, and Africa. With these meeting we have seen more than 20 people saved.

I am planning a trip to Pakistan, Kenya, Uganda, Accra and South Africa at the end of Dec and into January 2016. We will have graduation in Pakistan, Kenya, Uganda and South Africa. Accra is an invitation to preach at a friend's church, KAKRA BAIDEN while I am in Africa. Please pray that this will all come together and be safe.

Friday 25/9/2015 many were healed: people got blessing and people are very happy they want to hear you more. People want to hear u next Friday. It was nice; you spoke as per need of people. You call the exact people to tell their problem and pray for them, that is the word of knowledge God bless you pastor.

14 people were saved, and actually many people want to hear u at different places but we don't have internet facility everywhere.

Some of them got hope in life because they were upset in their life, some were healed Ministry is making progress now people want to hear you more. Thank you.

We have to approach our people and also people are sharing to others who were healed in your meetings. Now it's wonderful experience for people to hear from Word of God from distance and get healed. It will be very nice if you could visit Pakistan yearly to preach.

We will try to gather more people for convention and pastor seminar, it will bring major change in Pakistan

Dear Brother Dr. Ian Traill

On Friday 25/9/2015, more than 150 people attended our meeting including children, women and men. 14 people were saved and we have many testimonies of people who were healed. It was amazing that you had words of knowledge of the sickness in many people before you prayed for them. Many asked the question, "How did you know?"

People were very happy to hear the Word of God and they want to hear you more. They are telling to their friends and relatives about this ministry and

the great work God is doing for them. Now many people are motivated and they are growing in God.

Your preaching on Skype is stimulating them more and now they are actively participating in our ministry work. Thank you for all your effort in our ministry. I do hope we will have good ministry relationship and we will work for God more and more. We all look forward to the next session.

Ps. Ernest Gill, Punjab, Pakistan

Pray for the Friday prayer meeting that people will be blessed. People who weren't coming before want to come now to be preyed upon. God is doing something in your church, God is blessing the youth and more are coming to church.

The sermon that you gave blessed a lot of people and they are passing the word on about how they were blessed by your sermon.

People are asking when you will come to Pakistan. People want to meet. When would it be convenient for you? March would be a great month for us because it can get way to cold in winter and way too hot in summer.

NAME OF SCHOOL: GRACE FOUNDATION SCHOOL

MOTTO: EDUCATION IS THE KEY TO SUCCESS

MISSION: TO LIVE IN AN ENVIRONMENT WHERE ALL KIDS ACQUIRE EDUCATION AND TEACHING THEM SPIRITUALLY.

The grace foundation school was started in the year 2012 . in that year the enrolled of pupils were 25 pupils, 2 teachers and one subordinate staff.

Grace school was started to help kids with no parent who had no chance of getting education in other institutions which required school fees. in that year (2012) we had no classrooms but we rented rooms for the safety of the kids and good environment. By the grace of God and due to good work, community people and well wishers helped us build a class room on a land (of course we have not given the owner of the land even a single cent though pressure is mounting on us) which later developed to be more class classrooms and a good number of pupils enrolled both of parents from poor backgrounds, single parents and mostly orphans.

30/09/2015

2013, we started offering boarding purely for orphans who considering a number of reasons had no better chance of staying outside. To name them; orphans used mostly to complain going without supper and breakfast, poor sleeping areas, had no clothes to change, and being overworked by their uncaring guardians.

Apart from free education, we offered free meals, uniforms, shoes and writing material,

this was meant only to orphans.

As we came together our main goals is to raise children who knows God as their Father and Creator though we have a church which they go every Sunday and

30/09/2015

am there pastor but am very willing to working together in promoting the gospel to kids and community at large.

Addition to that, we are facing many challenges which as seen low turnout of children to school. Food, accommodation, proper teaching material, teachers (to be open here, teachers we pay them 4 thousand which does not motivate them) and lack of interest in parent and guardians.

My plan is to arrange for seminars, conferences and meetings to sensitize both the community, guardians and parent on the importance of educating a CHILD.

AM URGING YOU AND YOUR MINISTRY TO PARTNER WITH ME AS WE SEE A SUCCESSFUL FUTURE TO KIDS AND MOST IMPORTANT PREACHING THE WORD OF GOD.

Thanks, Robert Ontarige
